11) The scale of pay noted in the proposition statements of the Epidemic diseases Hospitals Bangalore and Mysore ~~has~~ have been verified and returned herewith.

12) (a) In respect of a clerk and compounder on Rs.12+5 noted in the proposition statement pertaining to the Epidemic Hospital at Bangalore, is observed that there is separate full-time compounder on Rs.15 temporarily sanctioned up to 30th June 19 in G.O.No.7452-4/Ml.12-18-31 dated 16th December 18. The continuance of this temporary establishment i.e., one compounder on Rs.15/- and enhancing the pay of the clerk from Rs.12 to 20/- appears to have been applied for by the President Bangalore City Municipality. One Daffedar on Rs.12 is omitted to be included in the proposition statement pertaining to Epidemic Diseases Hospital Bangalore.

19) The proposals of the Dr Surgeon

NOTE—Contn. sheet

Serial No.

seem to be much in excess of the needs of the institutions. They are intended to equip each hosp! to receive a hundred patients. Information does not seem to be available as to the usual number of patients in the hosp! but from the total attendance figures the daily attendance does not seem to be anywhere near a hundred. The number of beds can therefore be very well smaller than in the proposals of the Sr Surgeon.

2c) Certain establishment has been provisionally sanctioned for the two hosps pending orders on these proposals.

2d) A statement is put up showing the number of beds now in the institutions the number proposed by the Sr Surgeon, the number provisionally sanctioned, and the number that may perhaps meet the requirements of the hosps for orders.

2e) A statement of the exact extra cost will be prepared after orders are received on the proposals.

attendance at these hospitals. These hospitals are not popular and cannot occupy a very low place in the estimation of the public. In regard to the unpopularity of these hospitals it should be taken away the odium attaching to them and the popularity them as much as possible. A hundred patients at a time is undoubtedly a large number, but a large number is to be expected during the prevalence of epidemics. We are to be prepared for a sudden rush of patients which is not the case in regard to the regular hospitals. Moreover in an epidemic diseases hospitals these are the separate wards ordinarily for the following diseases.

1. Small pox
2 Cholera
3 plague

and and suspicious — separate establishment is needed for Each of the wards — However, the Government may be asked as to why the permanent establishment should not be found in the hospitals of Corporation in the areas.

For Comptroller

MSR/14-4.

20) Submitted. According to the original proposition Statement on the basis of 100 patients the net increase excluding medical staff in the E. D. Hospitals at Mysore and Bangalore amounts to Rs 6570 and Rs 5988 respectively. The revised proposition Statement based on the basis of 50 patients gives an increase of Rs 718.2 per annum in the Case of Mysore E. D. Hospital and Rs 6672 in the Case of E. D. Hospital, Bangalore. So, though the revised proposition statement proposes an establishment only for 50 patients yet the increase per year is greater than that what it is when the proposed establishment is for

NOTE—Contn. sheet.

Serial No.

100 patients. The increase is probably due to the increased pay proposed for the head nurse 50-5/3-70, Indian nurses 30-5/3-50 and the Compounder 15-25 in the revised proposition. Statement. We file reg. the E.D. Hospital and the charge of Port Surgeon has been forwarded to the Financial Secretary.

5993
21-4-21
Dear Sir,

Referring to our yesterday's conversation, I enclose for your information, a statement showing the dates on which the number of In-patients treated in the Epidemic Diseases Hospitals at Bangalore and Mysore exceeded the daily average for the year 1920. It will be seen therefrom that in Bangalore, during the 43 days mentioned, the number treated was considerably in excess of the average and on two days it went up to 50. In Mysore, during 202 days out of 365, the number has exceeded the daily average. Thus, the daily average cannot be taken as a standard for fixing the scale of Establishment, particularly in the case of an Epidemic Diseases Hospital, when it is very difficult to secure hands for temporary service during the prevalence of Epidemics. I have, however, carefully gone through the scale proposed in this office letter No. G.C 114-8 dated 16/17. 3-20 and have reduced the same to what I think is ---

How will the cost work out as now proposed?

absolutely needed as shown in the attached comparative statement and request you to kindly see your way to sanction the same at an early date.

Yours sincerely,

K. B. Muthanna

To

Mir Humza Hussain, Esq., B.A., B.L.,
Member of Council,

OFFG.SENIOR SURGEON.

G. R. S. III-2]

General and Revenue Secretariat. | Med File No. 35 of 1919.

Serial No.

The original proposals were Senior Surgeon for an Hospital of 50 patients amounted to Rs. 1033 1/6 p.m. or Rs. 12398 p.a. for each of the Hospitals @ Bangalore & Mysore. The revised proposals now submitted amount to Rs. 983 1/6 p.m. or Rs. 11798 p.a. for each of the Hospitals the difference between the 2 proposals being Rs 600 p.a. The revised proposals if sanctd will mean an addition of 2 Asstt Surgeons & 2 Lab Asst Surgeons to the existing Cadre.

The cost of existing establishment of the E. D. Hospitals @ Bangalore (including the 2 units recently sanctd) amounts to Rs. 5822 & Rs. 4216 respectively. The net excess will be Rs. 6076/4 Rs. 7582 for Mysore. So far as Establishment is concerned.

23/4

There is besides an increase of Rs. 2,000 per annum in the amount required for Diet charges.

Re: contribution to be made by the District Boards and Municipalities of Bangalore and Mysore towards the cost of the maintenance of the Epidemic Diseases Hospitals at Bangalore and Mysore.

Opinion of the Council.

The revised scale of establishment and dietary charges as modified in the Third Member's last minute may be approved.

The contribution to be paid by the Bangalore City Municipality may be fixed at one-half, and of the Mysore City Municipality at one-third of the total cost. No contribution need be levied from the District Boards.

Final Note by the/Second Member of Council. 2

Subject:—

Re-organization of the Epidemic Diseases Hospitals at Bangalore and Mysore.

The Epidemic Deseases Hospitals in the Cities of Mysore and Bangalore are now unpopular and are resorted to only in circumstances of extreme necessity. The buildings in which they are located are unsatisfactory and the staff and equipment are also inadequate. With a view to improve these institutions, their management was transferred from the respective Municipalities to the Medical Department in August 1919 and the Senior Surgeon was requested to submit necessary proposals for reorganising them. He first submitted a scheme involving an extra expenditure of Rs. 8538 and Rs. 9120 per annum for the reorganization of the Bangalore and Mysore Hospitals respectively so as to provide for the treatment of 100 patients in each. Upon this proposal I noted as follows:-

"The establishment of the Epidemic Diseases Hospitals cannot be regulated by the present attendance at these hospitals. These hospitals are not popular and occupy a very low place in the estimation of the public. The object of the reorganization of these hospitals is to take away the odium attaching to them and to popularise them as much as possible. A hundred patients at a time is no doubt a large number, but a larger number is to be expected - during the prevalence of epidemics. We are to be prepared for a sudden rush of patients which is not the case in respect of the regular hospitals. Moreover in an Epidemic Diseases Hospital there are to be separate wards ordinarily for the following - diseases:-

1. Small-pox
2. Cholera
3. Plague
   and now Influenza

Separate establishment is needed for each of the wards. However, the Senior Surgeon may be asked as to why the permanent establishment should not be fixed on the basis of 50 patients on an average".

2. On these lines the Senior Surgeon submitted revised proposals providing for the treatment of 60 patients and involving an expenditure of Rs. 13,122 per annum on establishment and Rs. 9100 for diet and other charges for each of the hospitals. I had then a personal discussion with the Senior Surgeon on the subject as a result of which he has further revised his proposals bringing down the cost on Establishment to Rs. 12,668/-. An Assistant Surgeon has been placed in charge of each of these hospitals since the transfer of their management to the Medical Department and under the proposed reorganization there will in addition be two Sub Assistant Surgeons instead of one and the staff of nurses, ward attendants and other menials will be suitably increased. As regards the two Sub Assistant Surgeons proposed by the Senior Surgeon, one male and the other female, however, I think that only one Sub Assistant Surgeon for each of these hospitals is sufficient. Besides, the services of female Sub Assistant Surgeons are not easily procurable. With this modification, the expenditure on each of the two hospitals amounts to Rs. 10,928 for establishment and Rs. 9,100 for contingent charges or Rs. 40,056 in the aggregate for both the Hospitals. The Council have approved of the scale of Establishment as thus revised by me.

3. As regards the apportionment of the expenditure, the District Board and Municipalities concerned were asked whether they would share it equally with the Government. The Bangalore City Municipal Council agreed to do so and the Bangalore District Board replied that they would bear a share of the charges in proportion to the number of rural patients treated, while the Mysore District Board declined to pay any portion of the cost and the Mysore Municipal Council pleaded their inability to contribute anything more than Rs. 3,000/- a year. On a careful consideration of these representations, the Council have resolved that the contribution to be paid by the Bangalore City Municipality may be fixed at one-half and that by the Mysore City Municipality at one-third of the total cost and that no contribution need be required from the District Boards.

According to this recommendation the share of expenditure to be borne by Government will amount to Rs. 23,366 and necessary provision has been made for it in the draft budget for next year.

The resolution of the Council may be approved.

Bangalore,
21st May 1921.

From

Rajakarya Pravina Rao Bahadur
T. V. Arumugum Mudaliar, Esq., .M.B., C.M.,
Senior Surgeon with the Government of
H.H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of
H. H. the Maharaja of Mysore, Bangalore.

Sir,

With reference to paragraph 3 of G. O. No.G.3824-30-San.58-18-12, dated 14th August 1919, and in continuationof my letter No.C 307.3 dated 20th August 1919, reporting that Messrs. S.G. Asirvathum and C. Rajagopala Mudaliar have been made to take over charge of the Epidemic Diseases Hospitals at Bangalore and Mysore from the respective municipalities, I have the honor to submit a proposition statement showing the establishment, both professional and menial, that ought to be permanently maintained in order to run the institutions properly. The scale is intended to meet the needs of a hundred patients each. The pay proposed for the different hands is based on what is sanctioned in the case of the establishment of the Victoria Hospital. The Medical staff will have to be given local allowance as indicated, in lieu of private practice and the arduousness of the duties expected of them. The full strength of the establishment will be reached as hands become available residential quarters are got ready, and the work in the Hospitals develops. In the meantime I request that Government may kindly accord their sanction to the proposition at a very early date. The increase per month involved is Rs. 711-8-0 for the Bangalore E.D.Hospital and Rs. 760-0-0 for the Mysore one.

I have the honor to be,
Sir,
Your most obedient servant,

Senior Surgeon.

Office of the Senior Surgeon, Mysore Govt.,
Dated, Bangalore, 16th March 1920.

17/3

17229

Acct 35-20-

From

Rajakarya Pravina
Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,
Senior Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of
H. H. the Maharaja of Mysore,
Bangalore.

Sir,

With reference to your office letter No.G. ~~8773x8nn.~~ 15850-Med.35-19-19, dated 13th January 1920, I have the honor to forward herewith a revised proposition statement for the revision of the establishments of the Epidemic Diseases Hospitals at Bangalore and Mysore and to state as follows.

The increase of cost on account of the new medical staff required for the institutions has not been included in the proposition statement as an increase in the sanctioned number of Medical Officers by two and a similar increase in the number of Sub Assistant Surgeons has been ~~not been~~ separately proposed in this office letter No.GC.300-3 of this date.

The remaining nursing, warding and conservancy establishment is based on the minimum needs of the institutions. It will be necessary that the nursing staff attending on patients suffering of a particular infectious disease should not be allowed to attend on patients suffering of another kind of infectious diseases as far as possible. ~~xxxxxxxx~~ Although the estimate was ordered to be based on the requirements for 50 patients, the cost could not, for obvious reasons, be reduced proportionately. The staff as at present proposed will be able to manage any number of patients up to a maximum of 60 patients and any extra hands that may become necessary will be engaged

temporarily whenever there are occasions for admissions in excess of 60 patients. These extra hands will be nurses, ward attendants and toties, at the rate of one each for every ten admissions in excess of the 60 for whom a permanent provision is necessary and is submitted in the accompanying proposition statement.

The additional cost comes to Rs. 6672 per annum in the case of the Bangalore Epidemic Diseases Hospital and to Rs. 7182 per annum in the case of the Mysore Epidemic Diseases Hospital. I need not add that the two institutions ought to have the same scale of establishment, the population and incidence of epidemic diseases are about the same in both cases.

I request early sanction to the proposition statement as now submitted.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

E. D. Hospitals at Bangalore and Mysore.

***

The control was transferred from the Municipality to the Medical Department vide G.O. dated 14th August 1919.

The President, Mysore City Municipal Council wanted in his letter dated 21st February 1920 a reconsideration of the order. He was informed on 16th March 1920 that it was too soon to reconsider the order.

2. The cost of these hospitals was met formerly from Municipal Funds and from State Fund under Plague and other Epidemic charges in equal proportions.

Establishment.

	Present cost per mensem.	Proposition statements for 50 patients.P.M.	Remarks.
Bangalore.	Rs. 234/-	1163 1/6	
Mysore.	Rs. 191½	do	

	P.A.
Establishment	Rs.12,128
Special charges"	9,100

4. It is now proposed that the cost of the two E.D. Hospitals at Bangalore and Mysore amounting to Rs. 21,228 per annum each as noted in the margin should be borne equally by Government, District Board and Municipality. The Local Boards were consulted whether they would bear one third of these charges.

5. The Bangalore City Municipal Council are agreeable to meet ~~the~~ 1/3rd of the cost.

The Bangalore District Board say that they will bear a share of the charges in proportion to the number of rural patients treated.

The Mysore Dist. Board said that they were not agreeable to the proposal.

The President, Mysore City Municipal Council said that it is beyond the means of the Municipality to meet in full the heavy expenditure, but they can at the most bear about Rs.3,000/- a year.

6. Points for orders:-

1 - Revision of establishment as per paragraph 3.

2. Share of cost to be borne by the various Local Bodies.

GENERAL AND REVENUE SECRETARIAT.

(*Continuation sheet draft form.*)

The Epidemic Diseases Hospitals in the cities of Mysore and Bangalore are not now as popular as they should be but are resorted to by people only in circumstances of extreme necessity. The buildings in which they are located are unsatisfactory and the staff and equipment are also inadequate. As a first step towards the improvement of these institutions, their management was transferred from the respective Municipalities to the Medical Department in August 1919 and the question of providing these institutions with suitable buildings is under active consideration. With a view to provide adequate staff and equipment to these hospitals,

The Cadre of each hospital is incharged by two

4 grade is incharged by two for the charge of each

Hospitals.

In order to place these hospitals on an efficient basis, Govt. are pleased to order

Govt. are pleased to sanction the transfer of these hospitals from the control of the Municipalities concerned to that of the Medical dept. The Govt. further has accordingly submitted proposals for the revision of the Establishment charges of these hospitals in accordance to which the cost of maintenance charges of each of these hospitals comes to Rs 20,028 as worked below:—

Details	Bangalore city	Mysore city
1 Establishment charges	Rs 10928	Rs 10928
2 Diet of patients	Rs 5000	Rs 5000
3 Rations to menials etc	Rs 750	Rs 750
4 Hospital necessaries	Rs 1500	Rs 1500
5 Other charges	Rs 1250	Rs 1250
6 Contingencies	Rs 600	Rs 600
	Totals 20028	Rs 20028

2 As regards the establishment of the Epidemic Hospitals, the District Boards and Municipalities concerned were asked to state whether they would share the expenditure equally with the Govt. The Bangalore city Municipal Council agreed to bear 1/3rd of the cost in case the Govt. would agree to bear the remaining 2/3rds. But the Bangalore District Board stated that they would

Sanctions the revision of the establishment and other charges of th lore and Mysore, and fixes the contribution to be paid by the Bangalore and Mysore City Municipalities in this behalf.

READ—

Government Proceedings No. G. 3824-30—San. 53-18-12, dated the 14th August 1919, directing that the control of the Epidemic Diseases Hospitals of Bangalore and Mysore be vested in the Medical Department, and requesting the Senior Surgeon to propose the necessary arrangements consequent on the above decision of Government.

2. Letter No. C. 114, dated the 11th September 1919, from the Senior Surgeon submitting a proposition statement for revision of the staff of the hospitals involving an additional establishment costing Rs. 8,538 and 9,120 per annum for the reorganisation of the Bangalore and Mysore Hospitals respectively so as to provide for the treatment of 100 patients in each.

3. Letter No. G. C. 300, dated 26th February 1920 from the same officer, stating that it is necessary that each of the Epidemic Diseases Hospitals should be placed in charge of an officer not inferior in rank to an Assistant Surgeon, with the help of a Sub-Assistant Surgeon for its development and proper working.

4. Letter No. G. C. 114-8, dated 16th March 1920, from the same officer, submitting a revised proposition statement providing for the treatment of 60 patients involving an extra expenditure of Rs. 6,672 and 7,182 per annum for Bangalore and Mysore Hospitals respectively.

5. Letter No. C. 504-16, dated 1st April 1920, from the same officer, submitting a detailed statement showing the entire cost of the maintenance of the Epidemic Diseases Hospitals referred to.

ORDER NO. G. 24949-52—MED. 35--19-18, DATED 24TH JUNE 1921.

In order to place these hospitals on an efficient basis, Government in their Order No. G. 3824-30—Sany. 53-18-12, dated 14th August 1919, sanctioned the transfer of these hospitals from the control of the Municipalities concerned to that of the Medical Department. The Senior Surgeon has accordingly submitted proposals for the revision of the establishment and other charges of these hospitals according to which the cost of maintenance of each of these hospitals comes to Rs. 20,028 as noted below:—

Details.	Bangalore City	Mysore City
	Rs.	Rs.
Establishment charges ...	10,928	10,928
Diet of patients	5,000	5,000
Rations to poor contacts	750	750
Hospital necessaries	1,500	1,500
Other charges	1,250	1,250
Contingencies	600	600
Total ...	20,028	20,028

These proposals are sanctioned with effect from 1st July 1921.
